

MONTH SEVEN – BLOCK 28 - AUGUST

This block is a filler block and is a 4" x 8" rectangle finished.

Fabric requirements for this block

- This time the fabric choice is up to you, along with the background

Cutting

- You will need 16 x 1½" squares of background and 16 x 1½" squares of fabric of your choice. I just used scraps of the fabrics that I had left over from cutting all the previous blocks.

Construction

- Join the squares together to form rows then join the rows together. I could have done a better job of separating the blues/ purples and the greens!!
- Press the seam allowances open as you go, it will be easier and more accurate

This block is now complete and measures 4½" x 8½" and will be 4" x 8" when finished.
